

FEBC Prayer Target – November, 2026

Unreached Prayer Focus: The Khmer

The Khmer people number around 19 million and are the dominant ethnic group of Cambodia, comprising over 90% of the population. They are mostly subsistence farmers growing rice. The Khmer are largely Buddhist, with only 2-3% proclaiming to be evangelical Christians.

From 1975-1979 a brutal communist regime led by dictator Pol Pot took over Cambodia. The regime was disastrous to the Khmer people and all of Cambodia. Brutality, starvation, and prison camps killed one in four people. All foreign missionaries were expelled from the country and almost all Khmer Christians were killed.*

The few Khmer Christians who survived started a rebirth of the church. Over the past two decades, Christianity has become more widely accepted in the country, and is growing faster than in most Southeast Asian countries. The Bible has already been translated into the Khmer language, and FEBC Cambodia is broadcasting the Gospel daily by radio in the Khmer language.
