FEBC Prayer Target – December, 2026

Unreached Prayer Focus: 10/40 Window

In global missions, "unreached" describes people groups with little to no access to the Gospel. Many of them live within the "10/40 Window"—a region stretching from North Africa across the Middle East to Asia. This area is often called "The Resistance Belt," as it includes the majority of the world's Muslims, Hindus, and Buddhists, who are among the hardest to reach.

Out of the world's population of over 8 billion, about 3.4 billion people remain unreached—around 42% of all people. Most of them do not have a Bible in their own language, a local church, or even personal contact with a Christian. Without outside help, they are unlikely to ever hear about Jesus.

The barriers are many: cultural differences, language gaps, geographic isolation, oppressive governments, and restrictive religious systems. But one of the greatest challenges is financial—most of the money in churches' budgets go to already-reached groups, and a very small percentage is directed toward reaching the unreached.

Tuesday, December 1

Pray today for the multitude of people living in the **10/40 Window** who are unreached. May the Gospel shine bright and break through any stronghold. Pray for the number of new believers in unreached areas to increase and for churches to grow and share the love of Christ with their communities.
